## Kim kardashian hollywood baby hack

Kim Kardashian and Kanye West have finally revealed the name of their new baby boy. And as with baby archie' name, no one has seen the one coming. Kardashian posted a photo of her new baby on Instagram and simply submitted it to Psalm West. While the name is one that has never come to any of the millions of Kardashian followers, it fits perfectly with other names the family has chosen. But why did the couple choose this unique name and what does it mean? Psalm West has the biblical origins of Kim Kardashian and Kanye West | Pascal Le Segretain /Getty Images West's family recently took a more spiritual path. While fans may have difficulty understanding what exactly Kanye's Sunday Service entails, Kim said he believes these events were a healing experience for her husband. Kim isn't the only one who feels that way, many guests, including talk show host David Letterman, enthused about what an amazing Sunday Service experience it is. Although the name Psalm surprised most people, it makes perfect sense, given the importance of God in the life of the couple. The Book of Psalms is a book of 150 songs in the Old Testament. A source told People magazine that the Bible is very important to Kanye and that psalms are one of his favorite books. He reads psalms a lot. He talks about the Psalms he loves. At this level, the name of the child is not a surprise. The source also noted that Kanye really equates himself with King David, author of the Book of Psalms, saying: 'David was a mess, always falling into sin and messing around, but the Bible says he was 'a man after His own heart of God'. Religion has always been important for the Kardashian family as well. Growing up, each of Kardashian's children attended a Presbyterian or Catholic church and attended church regularly. When they didn't go to church, their father read the Bible and played gospel music. Khloe Kardashian said that when the family stopped attending church, Sundays became about him bringing the church to our house The name Psalm West literally translates into the song Family could choose any book in the Bible to represent their spirituality, but the book of psalm has a special meaning. Kanye not only refers to King David, but the word Psalm is a Hebrew word that translates into a song. There is no doubt that the song is important to the Family of the West. Kanye has a passion for music since he was young. He used this passion to gain entry to the American Academy of Arts in Chicago. West left college to pursue a full-time music career and broke into the record industry for Jay-Z and other well-known artists. Throughout his career, he has become one of the most recognizable names in hip-hop and has won more Grammys than any other rapper. Fans' reactions to the psalm west name were mixed as with every decision of the Kardashian family, fans were torn about what they thought of the unique name. Many she thought the name was perfect, and one fan wrote: The Book of Psalm was created by King David to praise God. This name is perfect for where you and Kanye are now in your life. In public, you give God glory for the world to see. Another fan wrote: 'It's really pretty perfect. But others thought the name was absorbed by itself and just ridiculous. One fan quipped: Psalm West, but not Wild West smh. Another wrote: Psalm West?! I'm deaddddd. Looooool, Kanye West is so wild with these names for kids. Named after one of the most important books in the Bible. I cannotttttt But our favorite reaction goes to a Twitter user, Mr. Drinks On Me, who simply wrote: 'Kim Kardashian and Kanye West have named their newborn Psalm West.' I have only one question. Is it an anthem or is it? Oh, boy. So some time ago there was a rumor that Kim Kardashian and Kanye West were going to name their baby North- a name I think is kind of cool, in the middle name capacity at least. But combined with West's name, it felt like a joke. But for little baby Kim and Kanye, it's no longer a joke. Because that's actually what her parents decided to call her. There is no middle name to temper it (or for her to use if she decides she doesn't want that ridicule like her name). And the nickname they use with him is Nori. As in seaweed used for sushi. I used to know a man named Hap – his name was Hazard. It's not a joke. I think people who call their kids things like Hap Hazard, North West and other goofy choices have a more laid-back

view of naming their kids, and don't expect their kids to need a name that has a bit more gravitas. You can probably find out that Hap Hazard and North (or even Nori!) West may not be president one day, along with Moxie Crimefighter Jillette. Though again, who knows? What do you think of their choice of child's name? Goofy or cool? And would you give North West a middle name? Maybe Easton? Photo: Kim Kardashian via Featureflash/Shutterstock.com Congratulations to Us Weekly for the first big scoop of the year: The Tabloid reported yesterday that Kim Kardashian and Kanye West have another baby by surrogate. This will be their fourth child, and Us Weekly already has all the important details: the surrogate is due to appear in May, the baby is a boy, and he will be the couple's last child because they are now with embryos. Wests had just had his third child, Chicago, by surrogate last year. According to TMZ, they use another surrogate this time because Chicago was unavailable. So, what does this mean for Keeping Up With the Kardashians? Another season of multiple pregnancies and births, perhaps. Personal KCNA Kardashians, E! News reported yesterday that Kim is big influenced by her sister's pregnancy plans, and that she would like everyone to have children together again, as they did last year. (Kylie Jenner gave birth to daughter Stormi in February, and Khloe she gave gave true daughter in April.) They all loved being pregnant at the same time and everyone wants all the babies to be close by the age, said a party source. Everyone jokes about the next round of triplets all the time. We already know that Khloe wants to have another child with her boyfriend Tristan Thompson, even though he publicly cheated on her throughout her pregnancy. Kylie also said she would like to have another child with her boyfriend Travis Scott. If I were to guess, I would say that at least one of them will become pregnant this year. But what would you do for a really great season of reality TV, I think it is if Kourtney Kardashian had a fourth child with Scott Disick. Recently, they spend a lot of time together. Sofia Richie can take care! It's 2019: Do you know who's on taylor swift's team? Well, according to photos she posted from her New Year's Eve outfit (?) party, Lena Dunham and Karlie Kloss are OUT, and 16-year-old Iris Apatow is in. See this post on Instagram Mary Poppins, Audrey, Ariel, Ms. Frizzle, Cinderella, Gwen, Mr. Toad, Avril, Nancy Drew, Posh Spice, Rizzo, Frida Kahlo, Steve Irwin, Dorothy. In the new year we decided to dress like our childhood heroes. Sending you all your love and hope in 2019  A post shared by Taylor Swift (@taylorswift) on December 31, 2018 at 9:45pm PST A quick social media search reveals that Swift has been friends with Apatow's parents, Leslie Mann and Judd Apatow, for many years. And now she's hosting their teenage daughter at her late-night party sponsored by Ryan Reynolds's gin company. (Swipe through these photos, you'll see.) I'm excited to see where it all goes. Remember two weeks ago when we learned that Olivia Munn was dating Comcast player and heir Tucker Roberts? Well, she's still dating him: They spent New Year's Eve together at a dinner hosted by super-manager Scooter Braun. He posted many pictures of them hugging together: Old Munn reportedly flame Chris Pratt, meanwhile, spent the New Year with his girlfriend Katherine Schwarzenegger in Cabo. According to E! News, Schwarzenegger's siblings and her mom, Maria Shriver, came on tour, as did Pratt's 6-year-old son, Jack. It sounds like an engagement trip to me. And our friend Jennifer Lawrence, who starred with Pratt in a truly disgusting passenger in 2016, called in the new year with her boyfriend, Cooke Maroney. Us Weekly reported this morning that he is getting very serious with the 33-year-old New York art dealer, whom he began dating in June. They've moved in together and seem to be in it in the long run, per source. How romantic! Photo: JD Images/REX/Shutterstock One small blessing from this week: Lindsay Lohan pays \$100,000. And here's an interesting blind subject from this week, Enty's care in Crazy Days and Nights: This foreign born former A+ list tweener uses friends to try to get in touch his ex again. His new new she can't be happy because some of the friends she uses are her friends first and share their requests with her. Will Jelena come back to life in 2019? Finally, I'll leave you with this photo of Kurt Russell and Goldie Hawn enjoying their New Year's vacation in Aspen. They never fail!
